- Registration..... \$50
- Tuesday, Wednesday, Thursday
- Mandatory Three days\$200

Fifteen percent discount is given to the second child in the same family.

Drop In (all ages)

- Full Day..... \$25

**MOTHER'S DAY OUT—
A TIME FOR YOU!**

For our moms with children 4 months to 24 months, we realize you sometimes need time to do those special things for

yourself or maybe work a couple of days during the week. This time is set aside for you. The hours and tuition are the same but the registration fee is only \$25.

An organized curriculum is followed even for our toddler class. Concepts that are taught include: colors, shapes, numbers, alphabet, creative movement, gross motor and fine motor skills, art, music and sand play.

A competent staff has been selected to give your child gentle, loving care. Teachers will abide by professional standards and school policy.

**PRESCHOOL —
A GROWING EXPERIENCE**

Our Goals:

- *Adjust from home to school
- *Develop social attitudes
- *Present the joy of learning
- *Provide setting for expression of curiosity
- *Respect and care of property
- *Awareness of himself and environment
- *Instill Christian attitudes
- *Language, motor skill, visual and auditory development
- *Readiness for reading and math
- *Respect for God and his creation

Method:

The Pre-K program is developed through the use of learning themes. Activities in language, math, fine and creative arts, social/emotional development, motor skills and science are correlated with each theme. Educational field trips and special visitors also add to the learning environment. A Bible story is also a part of our curriculum.

Enrichment:

Bible hour, fine and creative arts are added to the curriculum for enrichment. We also present three programs to our parents and guests throughout the year.
