Tuesday, Wednesday, Thursday	
Two days	\$195 a month
Three days.....	\$245 a month

Fifteen percent discount is given to the second child in the same family.

Revised - April 2022

MOTHER'S DAY OUT— A TIME FOR YOU!

For our moms with little ones, we realize you sometimes need time to do those special things for yourself or maybe

work a couple of days during the week. This time is set aside for you.

An organized curriculum is followed even for our toddler class. Concepts that are taught include: colors, shapes, numbers, alphabet, creative movement, gross motor and fine motor skills, art, Bible and music.

A competent staff has been selected to give your child gentle, loving care. Teachers will abide by professional standards and school policy.

PRESCHOOL — A GROWING EXPERIENCE

Our Goals:

- *Adjust from home to school
- *Develop social attitudes
- *Present the joy of learning
- *Provide setting for expression of curiosity
- *Respect and care of property
- *Awareness of self and environment
- *Instill Christian attitudes
- *Language, motor skill, visual and auditory development
- *Readiness for reading and math
- *Respect for God and his creation

Method:

The Preschool program is developed through the use of learning themes. Activities in language, math, fine and creative arts, social/emotional development, motor skills and science are correlated with each theme. Educational field trips and special visitors also add to the learning environment. A Bible story is also a part of our curriculum.

Enrichment:

Computer lab, Bible Time and gross motor skills are added to the curriculum for enrichment. We also present two programs to our parents and guests throughout the year.
